

AMERICAN AND POLISH MINERS ENGAGE IN RACE RIOT AT BENTON

TROUBLE RESULTS FROM DOUBLE MURDER BY BAND OF DRUNKEN MEN SUNDAY NIGHT

Foreigners Severely Beaten and Pursued to Their Homes in the Polish Colony—Fifteen Arrested in Connection With Crime—Governor Dunne Orders Out National Guard—Adjutant General Dickson Remains at Office All Night in Communication With Riot Center.

BENTON, Ill., Sept. 22.—A race riot between American and Polish miners was begun on the town square here tonight as a result of the double murder last night of Evelyn Hutchinson and Quincy Drummonds, who were killed by a band of drunken miners while returning from a Polish dance where they had furnished the music.

The disturbance soon assumed such proportions that Mayor Espy swore in twenty-five extra police and sent for the sheriff of Franklin county. The mayor then mounted a box in the center of the square and sought to pacify the Americans. In spite of his address it is feared serious trouble may occur before morning.

Twenty-five Foreigners Beaten.
Twenty-five foreigners who appeared on the square were severely beaten and pursued to their homes in the Polish colony. Every other foreigner who was found on the streets met similar treatment.

Fifteen Polish miners were arrested today and are being held pending an investigation into the double murder. Three other miners implicated by the testimony of the arrested men at the coroner's inquest are being sought by an armed posse of seventy-five men led by the sheriff.

Tells Story of Murder.
The story of the murder was brought to Benton by Harmon Wyant, the third member of the party of musicians, who escaped with a bullet wound in the arm and an injured head. His unconscious form and the bodies of his dead companions were found on the road by a party of automobilists who stopped when their machine ran over a victim.

Wyant said the party of Americans left the dance hall at 11 o'clock last night. Shortly before midnight they were waylaid by a party of about ten miners and attacked with revolvers and clubs. He said he did not know why they had been attacked.

Clear Streets of Rioters.
By the combined efforts of the local company of the state militia under Captain O. C. Smith and a detachment of the better class of citizens led by the mayor, the streets were cleared of rioters shortly before midnight.

The mayor's party urged the crowds to allow the law to take its course and persuaded the leaders among the American mining element to go to their homes. Residents of both the Italian and Polish colonies took to their homes immediately after the first outbreak of violence. A few foreigners who appeared on the streets with weapons were disarmed by members of the militia.

Late tonight John Hurzan, one of the miners accused of the murder, was thought to be surrounded in the woods by the sheriff's posse. A lynching is feared should he be caught during the night and should the American miners learn of his capture. All but three of the fifteen foreigners arrested today in connection with the murder were released tonight.

Governor Orders Out Troops.
Springfield, Ill., Sept. 22.—Threatened riots at Benton, Franklin county, tonight resulted in Governor Dunne ordering one company of state troops to the scene and in notifying the captains of two other companies to be in readiness for service.

Mayor Espy of Benton and Deputy and Sheriff Vaughn of Franklin county joined in a request that the governor call out troops to preserve order after threats had been made by American residents of the town that they would seek vengeance for the killing Sunday night of two Americans. Polish miners are said to be guilty of the murders. A telegram informing the governor of the situation and asking that the Benton company of the National Guard be ordered out was received by Governor Dunne at the executive mansion at 8:25 p. m. The governor immediately communicated with Adjutant General Dickson and within half an hour, fifty-five men of Company F, nearly the entire enrollment, were on duty and apparently had the situation well in hand.

Espy's Message to Dunne.
The following message was received by the governor from the authorities at Benton:

"Governor E. F. Dunne,
"Springfield, Illinois.
"Two men killed last night; much disorder in town. We are afraid we cannot control the situation. Request that you call out the company in this city.
(Signed)
"Espy, Mayor.
"Vaughn, Chief Deputy Sheriff."

CAPTURE THIEVES AFTER SPECTACULAR FIGHT

ROBBERS MISTAKE OFFICERS FOR HIGHWAYMEN AT ST. LOUIS

Trio Refuses to Elaborate on Confession of One Who Said He Was a Crook When Confronted by Detectives.

ST. LOUIS, Mo., Sept. 22.—A band of parcel post and express package thieves were captured in the subway at Union Station here tonight after a spectacular gun affray with post office inspectors, city detectives and agents of the Wells-Fargo Express company.

Locking into the muzzles of a half dozen revolvers, one of the thieves mistook the officers for highwaymen and exclaimed: "Hold on fellows, I'm a crook myself. I just lifted those packages at the depot. If you need them worse than we do, you can have them."

At police headquarters the trio arrested refused to elaborate on this confession nor to explain what they were doing with the mail and express packages with which their hands were full when captured. They gave their names as John P. Hartigan, Delmar Barbour and Edward Casey. Hartigan and Barbour formerly were employed by the Wells-Fargo Express company.

The gang is believed to be responsible for the almost daily robberies which have baffled express and postal authorities during the last three months.

DUNNE APPOINTS THREE BEFORE LEAVING CAPITAL FOR PLANO

Names Two Members of State Mining Board and Public Administrator of Coles County.

Springfield, Ill., Sept. 22.—Three appointments were made today by Governor Dunne, before the executive left for Plano where he will address the farmers' national congress tomorrow. Those appointed were:

William T. Avey, Mattoon, public administrator of Coles county vice H. P. McNair, resigned.

James Forester, Halliwayboro, member state mining board, vice Evan D. John, resigned.

James Shaw, Virden, member state mining board, vice Samuel Duggan, term expired.

Governor Dunne left at midnight for Chicago where he will meet Governor Cox of Ohio, both being on tomorrow's program at the farmers' congress at Plano. Governor Dunne was accompanied by Representative Charles Clyne of Aurora.

It is expected that most of the fifty minority appointments will be announced by Governor Dunne during the latter part of the week.

RAISES IMPORTANT DIPLOMATIC QUESTION

AMERICAN MISSION SCHOOL IN ALBANIA SEIZED BY GREEKS

Status of American Institutions Has Not Been Determined Under New Territorial Limitations—Powers May Guarantee American Rights in the Balkans.

WASHINGTON, Sept. 22.—State department officials said today that the reported seizure of the American mission school at Karitza, Albania, by Greeks would raise an important diplomatic question, as the status of American institutions in Albania has not been determined under the new territorial limitations growing out of the war between the Balkan allies and Turkey and the later conflict among the allies themselves.

Under a treaty with Turkey, made when that nation exercised sovereignty over Albania, Americans, in addition to their rights under treaties of commerce and travel, were given extra territorial rights, which protected, among other things, educational institutions. No official report of the seizure of the school had been received today, but the state department is prepared to protest to the Greek government vigorously for the protection of Americans and their property in Albania under the new political order. It was pointed out in diplomatic quarters that the great European powers will do whatever might be necessary to guarantee American rights in the Balkans, as they have ever since the first outbreak of hostilities a year ago.

British consuls have been solicited for the rights of Americans especially in Asiatic Turkey and before the arrival of the American warships last winter, both British and Russian men-of-war offered assistance to any Americans who feared for their safety.

This attitude of the powers has had the effect of keeping the United States out of the Balkan tangle.

DUTCHESS COUNTY GRAND JURY FAILS TO INDICT THAW

Adjournment Is Taken for Two Weeks—Thaw Joined by His Mother.

Poughkeepsie, N. Y., Sept. 22.—The Dutchess county grand jury that has been considering the conspiracy charge against Harry K. Thaw, adjourned today for two weeks, without having found an indictment against him. The only information the district attorney would give out was that the grand jury had not reported on the Thaw case. The matter was presented to the grand jury several days ago. Last Friday when a partial report was made on other indictments, it was persistently reported that a vote had been taken on the Thaw case and that there was lacking sufficient votes to indict.

The case of Howard H. Barnum, the gate attendant at Matteawan, when Thaw escaped, was presented to the grand jury on the conspiracy charge at the same time as that of Thaw. No report has yet been made on his case either.

Thaw Joined by Mother.
Concord, N. H., Sept. 22.—On the eve of the proceedings which are expected to decide whether Harry Thaw shall be returned to the Matteawan asylum, he was joined here tonight by his mother, Mrs. Mary Joseph Thaw, and by his brother, Joseph.

The senate conferees on the tariff bill today authorized the president to assess extra duties on coffee, tea, chinaware, silks, laces, jewelry, sugar and many other items coming from countries not treating the United States as a "favored nation."

While the joint resolution could not prevent other countries from imposing higher tariffs against the United States, it is expected that it will induce them to withhold such action, temporarily at least.

DEMOCRATS FEAR TARIFF BILL RESULTS

Apprehensive Lest Foreign Nations Impose Tariff Penalties Against United States

WILL INTRODUCE RESOLUTION

Resolution Will Provide for the Continuation of Existing Relations With All Countries for Four Months

MAY AVERT POSSIBLE TRADE WARS

WASHINGTON, Sept. 22.—Apprehensive lest the Democratic tariff bill lead foreign nations to impose tariff penalties against the United States as soon as the new law goes into effect caused administration and senate leaders today to plan the introduction of a joint resolution in congress making specific provision for the continuation of existing relations with all countries until President Wilson has time to negotiate new trade agreements.

The seriousness of the situation that will confront the administration was impressed upon Chairman Simmons of the senate finance committee today by state department officials. It was pointed out that the trade relations established by President Taft's proclamations under the Payne-Aldrich law of 1909 would terminate as soon as the new law becomes effective and that the United States then would face the possibility of having higher tariff rates applied against its exports by many countries. While the tariff law would give the president authority to negotiate trade and reciprocity treaties, it would also require him to apply special penalty rates against any countries discriminating against the United States.

Draft Joint Resolution.
To prevent the possibility of trade wars, the state department is now drafting a joint resolution which will provide that existing relations shall continue for four months. This will not keep in effect the tariff rates of the Payne-Aldrich law, but will assure to foreign countries that the new penalty provision of the Underwood-Simmons bill will not be applied to them until a reasonable time has been allowed the president and the state department to negotiate new trade treaties.

Senate amendments to the tariff bill would authorize the president to assess extra duties on coffee, tea, chinaware, silks, laces, jewelry, sugar and many other items coming from countries not treating the United States as a "favored nation."

While the joint resolution could not prevent other countries from imposing higher tariffs against the United States, it is expected that it will induce them to withhold such action, temporarily at least.

MILLION PEOPLE SEE W. J. GAYNOR FUNERAL

SERVICES ARE WITHOUT PARALLEL IN HISTORY OF NEW YORK CITY

Traffic Suspended While Cortege Moves Over Brooklyn Bridge—Bell in Tower of Borough Hall Told For First Time in Years.

NEW YORK, Sept. 22.—Historic Greenwood cemetery, the resting place in Brooklyn of many famous dead, received the body of New York's late mayor, William J. Gaynor, at mid-afternoon today after funeral services in his honor that were without parallel in the history of the city. In the presence of the family the honorary pall bearers, including former President William Howard Taft, Mayor Kline and other city officials, the flag-draped coffin was committed to the grave in the Gaynor family plot. The brief Episcopal service was read by the Rev. Frank W. Page, former pastor of St. Johns, the church where the mayor worshipped. A million people, it is estimated, saw the funeral cortege move from the city hall, where thousands had viewed the body lying in state Sunday, to Trinity church, where Bishop Greer conducted the solemn services; then back past city hall, across the Brooklyn bridge, through Brooklyn streets, past the late mayor's Eighth avenue home and on to the cemetery.

Upon the bridge hung in black, traffic did not move. City employees stood six feet apart, heads uncovered, as the police-escorted catafalque proceeded into the mayor's home borough. Below, the river noises were stifled. Not a craft blew its whistle and not a gong sounded. The bell in the tower of the Borough hall in Brooklyn tolled for the first time in many years. Numerous church bells also sounded their measured beats. "Trinity's first and then in Brooklyn."

In Brooklyn public schools turned their pupils, who stood among the mourners in the streets. In the mayor's own neighborhood clubs and residences were draped in crepe while flags fluttered at half staff.

RESPONSIBILITY UP TO SMALL FARMERS

MUST ACT TO AVERT FUTURE MEAT FAMINE

Speakers at Meat Packers Convention Agree That If Decrease in Production Is Not Checked the Question of Supply Will Be Most Serious.

CHICAGO, Sept. 22.—The responsibility of averting a future meat famine was put up to small farmers today by speakers at the eight annual convention of the American meat packers association here today. All the speakers agreed that if the decrease in meat production of the last ten years is not stopped, the question of the meat supply for the people of the United States will be the most serious.

Remedies Suggested.
Among the remedies suggested by the speakers were:

Every small farmer should raise at least two beef steers a year to offset the decreased production of the great ranches of the west.

The remaining ranges should be cut up in farms to put all farmers on an equal footing.

Development of the hills of New England and their bountiful springs and prevailing shade as a beef producing country.

Substitution of corn for cotton in the southern states and the consequent development of the cattle and hog production.

Sounds First Note of Danger.
The report of the executive committee sounded the first note of the danger of a famine.

"The American meat packing house situation and that of consumers of meat food products in this country are both in a condition more precarious than at any other time in our history," the report stated.

"We are facing conditions in the production of meat food products which would have been thought impossible 19 years ago. The shortage of livestock when has been impressed upon us as packing house producers for several years, has been intensified during the last year. Our population is growing at its normal rate. We have passed the point where demand has overtaken production and we are now on a basis, which shows that demand exceeds the supply of meat food products to such an extent that we have abnormally high prices for meat food products."

No Relief in Sight.
The farmers are not furnishing nearly a sufficient number of animals to keep the packing houses in operation anything like full time and this results in heavy losses, owing to lack of volume of business. And there seems to be no prospect of relief. Despite the higher prices for livestock of all kinds, statistics show that the farmers not only are not increasing their production of meat food animals but that such production is decreasing at an appalling rate."

Among other causes for the shortage of meat, the report pointed out were the loss of meat food animals through preventable diseases and "the unthinking slaughter of calves and especially heifer calves."

The committee appointed to confer with government officials regarding pure food laws in its report, challenged the wisdom of the federal government dictating what ingredients shall be used in meat products.

"Our principal difficulty has been that those in power know practically nothing of the actual conditions of packing house operation. We have been in the hands of capable, well meaning scientists on one hand and political office-holders on the other."

Speakers at national convention of butter and egg men urged the need of national legislation to regulate the storage of these products, in order to avoid repeated charges of price raising and monopoly.

To stimulate cattle raising in order to avert the meat famine they say is imminent the American meat packers association today voted to raise \$500,000 with which to conduct a campaign of education among the farmers and cattle raisers. The plan outlined by President Bichoff which was adopted as a resolution by the association provides for raising \$100,000 a year for five years to be spent in advertising and instructing the cattle raisers. The farmers are to be taught the advantages of cattle raising and how to care for cattle.

DECIDE SULZER MUST FACE TRIAL

High Court of Impeachment Overrules Motion to Dismiss Proceedings by Vote of 51 to 1

WENDE CASTS SOLITARY NAY

Vote Is Taken in Secret Session—Judge Cullen Delivers Long Opinion On Points at Issue—Court Takes Two Votes

SENATOR WENDE EXPLAINS POSITION

ALBANY, N. Y., Sept. 22.—Governor William Sulzer must go to trial. This was decided by the high court of impeachment tonight when by a vote of 51 to 1 its members overruled the motion of the governor's counsel to dismiss the proceedings on the ground that he was unconstitutionally impeached by the assembly because that body was in extra session when the impeachment was brought.

Senator Gottfried H. Wendt of Buffalo, Democrat, an ardent supporter of the governor cast the solitary nay, while seven members of the court were absent.

Marks Second Defeat.
The governor's defeat was the second of that has marked the battle waged by his attorneys to annihilate as far as possible the impeachment proceedings. Last week the court thwarted their attempt to prevent four senators from sitting as members. Their remaining ammunition consists of arguments to prove that certain of the offenses charged against the governor are not impeachable. These arguments will be heard tomorrow.

Tonight's vote was taken in secret session after an afternoon devoted to speeches by the opposing attorneys. When the time came for the court to render its decision, Presiding Judge Cullen announced that he did not feel inclined to use the power granted him under the rules to be the first to express an opinion.

The record of the proceedings was immediately made public. It showed that a tentative roll call on the motion was immediately taken and that presiding Judge Cullen delivered a long opinion on the issue. This in substance was that the provision of the constitution which limited the act of the legislature in extra session to such subjects as were recommended to it by the governor, should be given a reasonable construction. It upheld the contention of the prosecution that the provision referred to the legislature as a whole and not to the assembly as an independent body.

"Some construed," Judge Cullen said, "these subjects all relate to what the legislature as a body can do and not to take power vested in one branch of the legislature."

The legislative roll call brought from Senator Wendt the only negative vote. The call was followed by a viva voce vote and then with a final roll call with the same result. Wendt, explained his vote in a brief argument in which he held that when the assembly adjourned sine die some weeks before re-convening to bring the impeachment articles they foreclosed their right to act on any question of impeachment when called together in extraordinary session."

SALE OF SANGAMON COUNTY FARM LANDS.

The sale by the administrators of 1,500 acres of choice, well improved Sangamon county farm lands near Auburn, Ill., to close the estate of the late Charles Ridgely, which is advertised in our columns, to be held on the premises on October 21, will attract the attention of those interested in land values as there has for some time past been but little trading in this class of real estate and this sale will tend to show what kinds of prices are likely to prevail hereafter.

FOR THOSE WHO LOVE MUSIC.

The Illinois College Conservatory of Music is offering a special course in Music Appreciation. This course is designed for individuals who lack the time for special study of either vocal or instrumental music. For further information apply to Director Kritch at the Conservatory.

CONSERVATORY NOTES.

The following notice appears in The Musical Leader of September 11 concerning Mrs. Wilson: "Genevieve Clark Wilson has left Beloit, Wis., where her personality and ability made her many friends. Her future work will be at the Illinois College Conservatory in Jacksonville, Ill. Mrs. Wilson's departure from Beloit was signaled by laudatory notice in the press concerning the place she made for her self there. William H. Tinsley writes 'An Appreciation' in the Daily News, from which the following is extracted: 'Those who had the privilege and opportunity of studying the art of vocalism with Mrs. Wilson recognize that she has the masterful traits not only of voice production and tone placing, but interpretation as well. The possessor of a rich voice of range and brilliancy, Mrs. Wilson has the added and exceptional ability of imparting this knowledge to those under her charge. Added to these accomplishments, Mrs. Wilson is a finished accompanist, broad-minded, democratic, exceptionally liberal in many ways, and withal a lovable and womanly woman. Her presence in Beloit has added enthusiasm to affairs musical, induced greater appreciation of the artistic and provided an atmosphere considerably improved over conditions heretofore obtaining.'"

ISAAC WATSON ENTERTAINED LARGE COMPANY OF FRIENDS.

Held Home Coming Sunday—More Than Two Hundred at Gathering.

Probably one of the most pleasant occasions for those present was the annual home-coming at the home of Isaac Watson, south of the city, Sunday. Mr. Watson and his sons and daughters are known all over old Morgan county and any opportunity to visit at their hospitable home is seldom missed by their friends and neighbors.

These home-comings are annual affairs with Mr. Watson and each year adds to their popularity and interest. When a man moves along with the years, the pleasure of having friends and relatives gather around the old hearth stone is about the greatest he can know.

Morgan county is blest with a great many farmers of the olden time who came to this country when there was nothing here but the virgin prairie and no one of them has seen the development, growth and prosperity of the country more than Isaac Watson and few, if any, have helped more than he, with this growth.

The gathering Sunday afternoon was of more than special interest on account of the large number of relatives and close friends who met around the board. His sons and daughters and their husbands and wives together with many of the neighbors and families assisted Mr. Watson in disposing of the famous burgoo soup for which he is justly so popular. Many have tasted good burgoo soup at the various picnics, but in this case Mr. Watson outdid himself. Ice cream, cake and coffee were included and no one went home without feeling that he was full beyond expression. Over two hundred people sat down to the tables on the lawn and over fifty of these were children, little friends of Mr. Watson in the surrounding country. There were people from all walks of life, showing the democracy of Mr. Watson's friends. The following were present with their families:

Thomas Young, J. D. Hemmrough, Charles Taylor, P. J. Wolf, Henry Scott, Joe Helliwell, George Barnhart, John Cain, William Megginson, Edgar Vasey, James Myers, Jessie Catherine Gebert, Bob Megginson, Bill Megginson, James Hitch, Len Watson, John Hardin, John Casey, Joe Megginson, Doc Megginson, Reuben Megginson, George Thies, Elyse Hemmrough, Ralph Reynolds, Thomas Reynolds, Ed. Reynolds, Fred Hemmrough, John Lewis, John Leach, William Ehnie, Abe Reid, Sam Butler, Frank Piepenberg, James Brown, Miller Bros., Stanfield Baldwin, Lloyd Magill, Charles Magill, mother and family, James Devore, Henry Jackson, John Taysan, T. H. Buckthorpe, W. B. Cox, Mrs. Tefsey and daughters, and Dr. Robert Buckthorpe.

OLCEOLA CLUB DEFEATED.

In a game of baseball Sunday afternoon at Chapin between the Olceola and Mountain Goat clubs, the latter was victorious by the score of 9 to 5. The batteries for the Mountain Goats were McLean and Tutus; Olceola's, Walter and Albert Brockhouse.

THIS IS CERTAIN

The Proof That Jacksonville Readers Cannot Deny.

What could furnish stronger evidence of the efficiency of any remedy than the test of time? Thousands of people testify that Doan's Kidney Pills have brought lasting results.

Home endorsements should prove undoubtedly the merit of this remedy. Years ago your friends and neighbors testified to the belief they had derived from the use of Doan's Kidney Pills. They now confirm their testimonial. They say time has completed the test.

John Minter, 222 South East street, Jacksonville, Ill., says: "I gladly recommend Doan's Kidney Pills, as I know them to be worthy of praise. I have been telling of my experience with this remedy for many years. I took Doan's Kidney Pills for pain in my back and other symptoms of kidney trouble and found them effective. I always advise the use of this remedy, when I have an opportunity."

HOME EDUCATION CONGRESS.
Philadelphia, Sept. 22.—Several hundred delegates from all parts of the United States and Canada, and from a number of foreign countries, including France, Germany, Holland and Belgium, attended the opening session of the International Congress of Home Education, which will be in session here until the end of the present month. One of the most important subjects to be considered by the congress is the problem of selecting the best and most efficient means of training men and women for vocational activities. The Belgian delegates, who are particularly interested in the subject of intensive education for promoting the prosperity of the agricultural classes, will submit a number of pertinent suggestions for the consideration of the congress.

THE STUDIO.
In Academy Hall will open September 22nd. Miss Chambers will be glad to see anyone interested in art or the art crafts.

TO FIGHT ALCOHOLISM.
Milan, Italy, Sept. 22.—Practically every civilized nation is represented by delegates at the International Congress on Alcoholism which opened here today with appropriate exercises and will continue through the rest of the week. America is represented by eleven delegates, of whom five have been appointed by the United States government.

THE GREAT RAYMOND.

Will Be at the Grand All Next Week.

Fresh from his triumphs in the Orient, the Occident and the Antipodes, Maurice F. Raymond has just returned to his native country, bringing with him decorations bestowed upon him by monarchs of all nations. He also brings with him

many new and wonderful illusions from the old world. For three years the Great Raymond studied the mysterious illusions of the Hindoos, and so perfect he became that he mystified the masters themselves before he left their country. His stage hangings are of silk plush, silver and gold, the weight of effects is seventy tons and are valued at fifty thousand dollars.

No man is Stronger Than his Stomach

The Medical Adviser by R. V. Pierce, M. D., Buffalo, N. Y., answers hosts of delicate questions about which every man or woman, single or married ought to know. Sent free on receipt of 31 one-cent stamps to pay for wrapping and mailing.

LET the greatest athlete have dyspepsia and his strength will soon fail. One's stamina—forcefulness and strength of mind or muscle depend upon the blood, and the blood in turn, requires a healthy stomach, for the stomach is the laboratory where the food is digested and such elements are taken up—or assimilated—which make blood. In consequence all the organs of the body, such as heart, lungs, liver and kidneys, as well as the nervous system, feel the bad effect if the stomach is deranged.

Dr. Pierce's Golden Medical Discovery

helps the stomach to digest food properly, starts the liver into new activity, removing the poisons from the blood, and the various organs get rich, red blood, instead of being ill-nourished. The refreshing influence of this extract of native medicinal plants has been favorably known for over 40 years. Everywhere some neighbor can tell you of the good it has done.

Sold by all medicine dealers in liquid or tablet form; or send 50 one-cent stamps to Dr. Pierce, Invalids' Medical, New York, and a trial box will be mailed you.

A SHORT STORY

That is soon told is the story of the Gas Heater. It is a warm one. If you want comfort at small cost you ought to have a Gas Heater ready for use in rooms that are hard to heat. They are quickly heated, and economical in use. They range in price from \$1.50 to \$5.00.

CONSTITUTION WAS ADOPTED

HIGH SCHOOL STUDENTS VOTE ON PROPOSITION.

All Literary Programs, School Paper, Athletics and Other Student Activities to Be Governed by New Rules—Election of Officers Today.

The constitution for the governing of all student activities at the High School was adopted at a meeting held yesterday afternoon, the new organization to be known as "Jacksonville High School Literary and Athletic Association." For sometime a committee appointed, consisting of members of the faculty and student body has been working upon the proposed new laws to govern the pupils in all their activities and the new constitution has received the hearty approbation of both students and faculty. It is expected that an election of officers will be held today.

The following is the constitution adopted:

ARTICLE I

Name. This organization shall be known as the "Jacksonville High School Literary and Athletic Association."

ARTICLE II

Object. Forty Federal Soldiers and Ten Second Class Passengers Comprise Official Death List—Survivors Robbed.

Laredo, Texas, Sept. 22.—Fifty persons were killed when rebels dynamited a passenger train on the Mexican National Railway sixty miles south of Saitillo, Mexico, Friday afternoon, according to official reports to Mexican federal headquarters in Nuevo Laredo today. The train was then looted and the surviving passengers robbed, it is said.

Forty federal soldiers and ten second class passengers comprised the official death list. The number of injured was not given.

W. W. Mervain of San Francisco the only American of trains is said to have escaped but was robbed.

Two dynamite mines were set off by electricity, it is said.

The first class coach was only derailed but the baggage express and two second class coaches were blown to pieces.

MINERS PROTEST INJUNCTION.

Calumet, Mich., Sept. 22.—Officials of the Western Federation of Miners gave notice tonight that the injunction, granted by Circuit Judge O'Brien, prohibiting picketing and parading by copper strikers while men are going to or coming from work in the mines, will be contested vigorously. A hearing this week will be asked. Claiming the injunction is in restraint of the rights of the strikers, its dissolution will be urged.

FRANCHISE ORDINANCES BEFORE THE COUNCIL

MAYOR DAVIS PRESENTED
THREE UTILITY MEASURES
MONDAY.

Ten Cent Electricity and Gas at \$1.05 Are Provided—Will be Considered at Special Meeting Friday Traffic Ordinance Makes Strict Provisions For Autoists—Another Light Bond Election Proposed.

Mayor Davis presented to the city council Monday morning three utility franchises together with a communication setting forth his reasons why he had made several changes in the franchises as originally considered by the council in caucus. Briefly stated the franchises provide for ten cent electricity, \$1.05 gas and efficient railway service. The mayor pointed out that in his opinion the proposed rates would effect a saving of about \$22,000 a year to consumers and that he believed this more important than requiring the company to pay a per cent on the receipts or to furnish a certain number of street lamps. He said Mr. Chubbuck was willing for a committee to examine the company's books. An ordinance which is the first step toward calling another light bond election was given a first reading. The traffic ordinance which Commissioner Engel has had City Attorney Thompson prepare was given a first reading. It follows in a large measure an ordinance which is in force in Springfield. Several sidewalk ordinances were passed.

The roll call showed that all members were present and the minutes were approved as read. The proclamation of Governor Dunne with reference to setting aside October 9 as a Fire Prevention day was read and it was the sense of the council that the schools be asked to make some special observance of the day.

The communication of Mayor Davis relative to the franchises was read and was received and placed on file. This communication was given below. The franchises are to be considered at a special meeting to be held Friday morning at 7 o'clock. It is likely, however, that 7 o'clock will mean 9 o'clock.

To Ask For Pump Bids.

Commissioner Knollenberg reported that the title to the Widenham & Daub land had been straightened out satisfactorily and that the city now owned fifteen feet on each side of the pipe line. The bond of Harrigan Bros. for furnishing coal for the city light plant was approved.

Commissioner Brennan stated that he had approximate bids for furnishing a million gallon electric pump for the Widenham & Daub wells as follows: Worthington Co., \$2400; Deming Co., \$2125; Smith-Valley, \$3400. These are simply estimates and Mr. Brennan said that the bids would undoubtedly be less. He was authorized to ask for bids on the equipment desired. Mr. Brennan mentioned that the city is now using the stand-pipe next to the reservoir and that pressure is thus being obtained in a satisfactory way for the west part of the city.

City Attorney Thompson was asked if he had looked up the matter of the powers of the city to issue bonds for a light plant, there being some question as to whether this could be done now that the new law is in effect. Mr. Thompson gave it as his opinion that the city can issue bonds and pay for them by general taxation for a light plant. He said that the law referred to was intended to cover plants where cities are to do commercial lighting. In such cases utility certificates are issued and the amount depends upon the physical value of the plant.

J. Thompson Sharp was present and called the attention of the council to a bad hole on Morton avenue and the approach to the bridge there. He thought that a load of rinders would help matters and the council by a vote directed the street commissioner to make whatever repairs are needed.

Sidewalk Ordinance Passed.

The following sidewalk ordinances were given a second reading and were adopted, providing walks on West State street from the Morrison block to the Huntoon building; on South Prairie street from West College to Edgmon street, east side; North West street from Court to Lafayette avenue, west side; West Lafayette avenue west to Church street, south side. The provision for South West street walks were as follows, beginning 90 feet south of State street west side: West College street, west side; West College street, east side; West College street, Anna street to the Brook on the west side; Diamond Alley south to Anna street from Chambers street to Morton avenue, east side.

Commissioner Knollenberg presented an ordinance calling for a bond issue for \$50,000 for light plant improvement. These bonds would be in denominations of \$500 bearing 5 per cent interest and all payable within 20 years. The ordinance was given a first reading.

Commissioner Newman wanted to know if the plans in view would so enlarge the plant that the city could do commercial lighting. Mr. Brennan replied that the equipment proposed would not provide any more power than the city needs for regular consumption and reserve. He said that if the city wanted to do commercial lighting it would have to enlarge its plant considerably more than was provided for in these plans. He said that this would not be practicable at this time; that the city was too near up to its legal limit of bonded indebtedness to purchase as extensive equipment as would be required for commercial lighting.

Some points in the proposed traffic ordinance, an ordinance by the way which Mayor Davis referred to as one of the best measures which

had come before the council are as follows:

Traffic Ordinance Provisions.
Drivers of all vehicles who overtake street cars which have stopped to take on or discharge passengers shall stop at a distance of ten feet or more so as not to injure passengers. Vehicles and street cars must stop back of cross walks in order not to interfere with pedestrians.

Street cars must stop in the center of any block exceeding 500 feet, if signaled to do so.

No vehicles shall emerge from an alley, stable or garage at a speed greater than three miles an hour. When a vehicle is backed to the sidewalk for unloading, the horses shall be turned in the direction of traffic. No vehicle shall back on any street in order to turn if by so doing it interferes with other vehicles.

Drivers of vehicles shall give warning to those behind, by raising the hand before stopping or shall motion to those in front if they desire to pass.

Every driver of a motor vehicle shall sound a warning at each crossing and shall approach the said crossing at a speed no greater than eight miles an hour and shall not turn a corner at speed of more than six miles an hour.

The breaking of horses will not be permitted upon the streets.

No person shall jump upon the rear of a vehicle without permission and if riding the body must not protrude beyond the limits of the vehicle.

No automobile shall be left on the street with the machinery in motion unless the operator is in charge.

No person must leave a vehicle with animal attached thereto for a period longer than one hour in the congested district.

No owner of an automobile shall operate such vehicle within the city limits with muffler cut out or not in operation.

No auto driver shall use the so-called "siren" signal.

Communication from Mayor
The communication presented by Mayor Davis follows:

Jacksonville, Ill., Sept. 22, 1913.
To the Honorable Members of the City Council of the City of Jacksonville.

Gentlemen:

At a special meeting of the city council held Wednesday, Sept. 17, 1913, your honorable body referred to me the question of taking up the utility franchises of the Illinois Traction system located in this city with the traction company officials. After a conference with H. E. Chubbuck, vice president executive, and W. B. Miser, general superintendent of the local utilities, I respectfully present for your consideration three ordinances which have practically been agreed upon. In presenting these ordinances I wish to give you my reasons for several changes which have been made therein.

In all of the three ordinances the section relative to the city receiving a percentage of the gross receipts has been eliminated. My reason for this is that it would be the users of gas and electric current who would pay the money received by the city. It has been contended by many people, and it is without question true, that the streets belong to the people. Then by getting reductions in gas and electricity the people receive the direct benefit.

The section in the three ordinances relative to the examination of the books of the company has also been stricken out, as is the section relating to the issue of bonds. The reason for doing this is that the new public utility bill provides for these things and cities can get all information needed from the state utilities commission without cost.

The clauses in the street railway ordinance relative to street sprinkling by the company and lighting of crossings have been eliminated. I do not believe either of these sections were ever taken seriously by the city council, but were placed in the ordinance more for trading purposes than anything else.

In the gas and electric ordinances were clauses relative to the readjustment of rates every five years. These clauses have been eliminated for the reason that immediately after the ordinances become effective the city council or any citizen may go before the state utility commission and ask for an investigation of the company's affairs. If the state commission finds that either commodity can be made cheaper it will so notify the company and its rates will have to be reduced.

In relation to the elimination of the percentage of gross receipts from the three ordinances, I beg to submit the following figures: While I have not investigated the matter myself, Commissioner Newman stated at the special meeting last Wednesday that based on a gross business of approximately \$250,000 the city would derive \$7,500 per year from 3 per cent of the gross receipts from the railway, gas and electric plants.

Figures given me by Superintendent Miser of the output of the gas and electric current for the year of 1912 are as follows: The gas plant produced 46,336,300 cubic feet of gas. The power plant produced a total of 764,356 kilowatts.

In talking over the ordinances with Mr. Miser and Mr. Chubbuck we agreed on a price of 10 cents for electric current. Mr. Miser estimated that of the output in 1912, 66.2-3 per cent was sold at 13 1/2 cents per kilowatt and the remainder, which was for motor and other power purposes, was sold at other prices.

This would make 497,570 kilowatts that sold for 13 1/2 cents. Assuming that the production of future years would be equal to that of 1912 the saving to the consumers at 10 cents would be \$17,414.95.

In regard to the price of gas Mr. Chubbuck held out for \$1.10 and I asked for \$1.05 gas. I finally asked him to split the difference and make the price \$1.05. He immediately wired P. W. Bedard, the Illinois Traction system's expert gas engineer, to come to Jacksonville and appraise the plant. Mr. Bedard is here now, but has not completed

his work. Mr. Chubbuck assured me that if Mr. Bedard could figure out some way of reducing the price of manufacture he would meet the price of \$1.05. Assuming that the price will be made \$1.05 based on cubic foot production of 1912, the saving to the consumers at \$1.05 over the present price, \$1.15 would be in round figures \$4,600. This would give to the people who pay the bills over \$22,000 a year. I believe that this would be of far more benefit than any money received by the city for these franchises.

These ordinances cannot be given a first reading until the company gives ten days notice of its intention to ask the city council to consider its petitions and ordinances. I would suggest if the council cares to hear these ordinances that they be read unofficially, as there has not been time to make copies for the commissioners.

Respectfully submitted,
George W. Davis, Mayor.

Eczema Gone! Acne, Tetters, Rash, Pimples, Carbuncles, Boils—Banished!

S. S. S. Drives the Demon of Bad Blood Back to the Woods.

The under layer of skin is a fine network of tiny blood vessels in which the famous blood remedy, S. S. S., works with remarkable activity. This is why S. S. S., the best known blood purifier, has such a positive action in the skin. There is one ingredient in S. S. S. which peculiarly stimulates cellular of glandular activity to select from the blood or from this fine network of blood vessels in the skin, those elements which it requires for regeneration.

Thus, pimples, acne, eczema, lupus, or any other blood condition that attacks the skin or seeks an outlet through the skin, is met with the antidotal effect of S. S. S.

Under the influence of S. S. S. this fine network of blood vessels in the skin is constantly taking from the blood the nutrition required for healthy tissue, and the cause of disease is just as constantly becoming removed, scattered and rendered harmless. These facts are more fully explained in a book on skin troubles sent by The Swift Specific Co., 190 Swift Bldg., Atlanta, Ga. You will find S. S. S. on sale at all drug stores. CINCH AMERICAN LEAGUE PENNANT

PHILADELPHIA WINS DOUBLE HEADER AND LEAGUE HONORS.

Marks Fifth Time In Thirteen Years That the Athletics Have Headed the American League.

Philadelphia, Sept. 22.—Philadelphia won pennant of the American League for this season and its fifth championship in the thirteen years history of the organization by reeling off two victories over Detroit here this afternoon. It was a day of triumphs for the home team, as the Detroit team was white-washed in in each contest, the scores being 4 to 0 and 1 to 0, not a fielding error marring the afternoon's work of Connie Mack's combination.

Bush held Detroit down to eight hits in the opening contest and fooled his opponents when opportunities were presented for scoring.

The one run needed to decide the issue in the second game was scored in the second inning. Dube gave Melinais a pass. The latter was forced by Walsh who stole second base and tallied on Lapp's single to right field.

For weeks hundreds of applications have been received by Business Manager John Shibe of the Athletics for tickets for the world's series. All of these, however, have been returned to the senders. Now that the pennant has been won another flood of applications is expected, but all will be turned back until the national commission meets and announces the arrangements for the big game.

Several of the players are suffering from bruises or other injuries and they will be given plenty of opportunity to get over their ills before starting the hard conditioning for the blue ribbon event.

Manager Mack said tonight that he would at once start to put in substitutes.

Philadelphia, Pa., Sept. 22.—Now that the Philadelphia club has won the pennant of the American league, preparations will at once be begun by Manager Mack to tune up his team for the world's series next month. The first move towards this end will be the easing up on the Athletics' players, all of whom will be given holidays from time to time until the final series with the New York Highlanders here on October 2, 3 and 4.

Several of the players are suffering from bruises or other injuries and they will be given plenty of opportunity to get over their ills before starting the hard conditioning for the blue ribbon event.

Manager Mack said tonight that he would at once start to put in substitutes.

Philadelphia, Pa., Sept. 22.—Now that the Philadelphia club has won the pennant of the American league, preparations will at once be begun by Manager Mack to tune up his team for the world's series next month. The first move towards this end will be the easing up on the Athletics' players, all of whom will be given holidays from time to time until the final series with the New York Highlanders here on October 2, 3 and 4.

CUBS AND PHILLIES SPLIT DOUBLE HEADER

ALEXANDER SHUTS OUT CHICAGO IN FIRST.

Philadelphia Wins First Game by Timely Hits Off Humphries—Good Pitching by Pierce and Bunched Hits Wins Second for Cubs 5 to 1. Chicago, Sept. 22.—Chicago, and Philadelphia wound up their season's series today by dividing a double header. Alexander, who was routed by the locals in the first game Sunday, was good enough to shut them out in the opener this afternoon, timely batting off Humphries giving Philadelphia a 2 to 0 victory.

Good control by Pierce and hard batting gave Chicago the second game 5 to 1. Scores:

SPECULATION LANGUID IN THE STOCK MARKET

MARKET OPENS LATER ON ACCOUNT OF GAYNOR FUNERAL

Undertone of Market is Firm With Evidences of Increasing Strength Until Mild Reaction Just Before the Close.

(By Associated Press)
New York, Sept. 22.—A few stocks made good gains today but in the great majority of cases changes were only nominal. Speculation was languid. The market was closed until noon on account of the funeral of Mayor Gaynor and during the afternoon little interest was shown in the dealings.

The undertone of the market was distinctly firm with evidences of increasing strength until just before the close when there was a mild reaction.

Among the stocks which broke away from the slow narrow movement of the general list "People's Gas" was the most conspicuous. It rose to 12 1/2%, the highest price for nearly 15 years. There was no authentic information to account for the exceptional strength of this stock. Rumors of an extra dividend for Reading of the kind which have been circulated from time to time for several years were revived today and the stock rose strongly, eclipsing its recently established high record for the year.

Union Pacific, Canadian Pacific, New Haven, Consolidated Gas and Third Avenue, also were strong. Rock Island stock and bonds were again weak, reaching new low prices. The strong character of the bank statement issued after the close on Saturday received more attention in speculative circles than any other feature of the situation.

PUBLIC SALE.

1500 ACRES SANGAMON COUNTY FARMS. IN 1 AND 160-ACRE TRACTS. AT PUBLIC AUCTION. TUESDAY, OCTOBER 21.

In order to close the estate of the late Charles Ridgely, we will, on the above date, offer on the premises, at 10 o'clock a. m., the following choice farms:

The Poley farm of 880 acres, 2 1/2 miles southeast of Auburn (T. 13 N. R. 6 W., Sec. 25, 26 and 36), with three sets of good improvements.

The Rawson lands, 474.43 acres, at and near the village of Lowell (T. 13 N. R. 7 W., Sec. 23 and 25), with three sets of improvements.

Every acre of this land is in cultivation and has for years been skillfully farmed with a view of conserving its fertility. Well tiled, well improved, at very choice prices for small lots as it can be advantageously divided into suit bidders, and in larger lots.

Terms: Ten per cent of purchase money in cash to bind the sale. One-half of purchase price may be paid by note at five years, bearing interest at 5 per cent, secured by mortgage. Possession given March 1, 1914.

Conveyance will be furnished from Thayer, Ill., and lunch served. Will be glad to furnish further information or show the land before the day of sale. Telephone or write Fred Ladage, Auburn, Ill., who will arrange to show the land.

IN BUYING CLOTHES you ought to know what you're going to get; fit, style, quality of fabric and materials, tailoring; you can't tell much about it until you see the clothes, whether you have them made-to-measure or buy them ready. Even then the important things are those you can't see.

Correct style, all wool fabrics, the tailoring that will give permanent shape and fit; your eyes don't tell you about these. They are something more than words which a salesman uses; they are underlying facts; they depend on the makers' skill, and ability, and purpose.

CANADA TRADES AND LABOR CONGRESS IN SESSION.

Large Delegation Attends Convention at Montreal.

Montreal, Sept. 22.—With a record breaking number of delegates in attendance the 29th gathering of the Trades and Labor Congress of Canada was opened here today. Never before in the history of the organization which is the parent or holding company of labor organizations of Canada, similar in its position to that of the Federation of Labor in the United States and the British Trades Union Congress in Great Britain, has the meeting of the congress aroused so much general interest in organized labor circles.

The congress was called to order today at Auditorium hall by President James C. Watters and will probably remain in session for a week or more. Many important subjects will demand the attention of the congress. Among them may be mentioned the following: Dominion and provincial legislation affecting labor interests; the repeal of the useless alien labor law; enforcement of the misrepresentation and monetary clauses of the immigration laws of the year round; consideration of the proposed eight hour bill; pronouncement on the administration of the workmen's compensation acts in the various provinces; amendments to the industrial disputes and investigation act; fortnightly payment of wages on all railways; proposed amendments to the dominion elections act, abolishing the \$200 deposit now exacted, and making election day a public holiday; consideration of the old age and pension acts now pending before a special committee of the dominion parliament. In addition to these questions, which are scheduled for consideration there are many other propositions which will be submitted by delegates of various organizations in different parts of the dominion. The delegates representing the Brandon (Manit.) Trades and Labor council are expected to bring up a proposition that the congress should go on record against union men joining the militia and against the admission of members of the militia to labor unions.

The growth of the congress is shown in figures from the last report which indicate a membership of 66,128, and an annual receipt from the small per capita tax of \$15,699. Forty-four trades and labor councils in as many cities, reaching from Victoria, B. C., to Sydney, Cape Breton all holding charters from and maintaining financial relations with the Trades and Labor Congress of Canada are represented at this gathering.

RHEUMA IS FREE FROM NARCOTICS

Relieves Rheumatism by Cleansing the Whole System of all Impurities.

Do not try to relieve Rheumatism by dosing the system with dangerous drugs. RHEUMA is free from all opiates and narcotics and cleanses the system in a natural but scientific manner. The dangerous "waste" is eradicated from the kidneys, bowels, liver and skin. RHEUMA costs only 50 cents at drugget everywhere.

"I was a great sufferer from Rheumatism for ten years. After two days' use of RHEUMA I laid down my crutches and have since given them away. I am a well man."—J. R. Crocker, 614 Sumter St., Columbia, S. C.—Adv.

IF CHILD IS CROSS,

FEVERISH AND SICK

Look Mother! If Tongue Is Coated, Cleanse Little Bowels With "California Syrup of Figs."

Children love this "fruit laxative" and nothing else cleanses the tender stomach, liver and bowels so nicely.

A child simply will not stop playing to empty the bowels, and the result is, they become tightly clogged with waste, liver gets sluggish, stomach sour, then your little one becomes cross, half-sick, feverish, don't eat, sleep or act naturally, breath is bad, system full of cold, has sore throat, stomach ache or diarrhoea. Listen, Mother! See if tongue is coated, then give a teaspoonful of "California Syrup of Figs," and in a few hours all the constipated waste, sour bile and undigested food passes out of the system, and you have a well, playful child again.

Millions of mothers give "California Syrup of Figs" because it is perfectly harmless; children love it, and it never fails to act on the stomach, liver and bowels.

Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly printed on the bottle. Beware of counterfeits sold here. Get the genuine, made by "California Fig Syrup company." Refuse any other kind with contempt.—Adv.

LIFE PRISONER WANTS PARDON.

Indianapolis, Sept. 22.—One of the most important and interesting cases which is to come up for consideration at the quarterly meeting of the state board of pardons, opened here today, is the petition for pardon of Fred Wilson, Jr., now serving a life sentence for the murder of William L. Bower at Bethlehem, Ind., several years ago. Bower was stabbed and Fred Wilson, Jr., and his father, Fred Wilson, Sr., were charged with having committed the murder. They were brought to Jeffersonville, Ind., where they were kept in jail for a long time. The case was transferred to Madison and father and son were sentenced to life imprisonment. To save his son, the older Wilson made an affidavit that he alone was guilty of the crime, but his statement met with no credence. It is understood that the petition of young Wilson will be fought by a number of Clark county relatives and friends of Bower and the success of the petition is considered extremely doubtful.

QUICK RELIEF FOR RHEUMATISM.

George W. Koon, Lawton, Mich., says: "Dr. Detchen's Relief for Rheumatism has given my wife wonderful benefit for rheumatism. She could not lift hand or foot, had to be lifted for two months. She began the use of the remedy and improved rapidly. On Monday she could not move and on Wednesday she got up, dressed herself and walked out for breakfast." Sold by L. P. Alcott, druggist.—Adv.

TO INCREASE SAFETY IN MINES.

Pittsburgh, Sept. 22.—Mine operators, mining engineers and mine surgeons, representing nearly every important mining company in the United States, all interested in the common object of increasing the safety of mine workers, are gathered here to attend the three days' session of the American Mine Safety association, which held its first meeting in Pittsburgh last year. The members of this association are the leaders in what is known as the "Safety First" movement which began in the United States about five years ago through the influence of the federal bureau of mines. Since that time, through the efforts of the association, several hundred mines have been equipped with rescue crews to save life following disasters and first aid crews to give succor to the men who were injured. In addition to the discussions of various safety problems there will be demonstrations of the best methods for preventing disasters in mines and for rescuing and aiding the victims in case of accidents.

BIDS FOR PAINTING THE COURT HOUSE.

Scaled bids will be received by the county commissioners for painting the exterior of the court house. Specifications for same may be seen at the county clerk's office. Bids must be filed before 9 a. m., Sept. 25, 1913. C. A. Boruff, County Clerk.

COMMERCIAL EXECUTIVES AT OMAHA.

Omaha, Neb., Sept. 22.—Commercial organizers and leading men connected with the commercial organizations and with the development of trade relations are gathered here to the number of several hundred to attend the annual gathering of the Central Association of Commercial Executives, which opened at the Rome Hotel today. An interesting and elaborate program has been arranged for the business sessions of the convention, which will extend over three days and noted experts from various sections of the country are on the program with addresses bearing upon various phases of commercial life and organization. After the close of the business session the visiting members and delegates will go to Sioux City as the guests of the Sioux City Commercial club.

GET RID OF THE TORMENT OF RHEUMATISM.

That you can do by ridding yourself of the cause. Weak, sluggish, inactive kidneys allow the uric acid crystals to circulate in the blood, and these lodging in the joints and muscles, cause rheumatism, lumbago and stiff swollen aching joints. Foley Kidney Pills ease your pain and torment from them the time you begin taking them. They positively and permanently build up the kidneys, restore their normal action, and strain out the uric acid crystals that cause the rheumatism and lumbago. Try them. City Drug Co. J. A. MINERAL WATERS AND "BATHS" CANNOT CURE DRINK HABIT

Because modern medical science teaches and the many "wrecks" of former high class business and professional men found in every community proves that alcoholism or the "Drink Habit" is and means a serious diseased condition which is "MORE THAN SKIN DEEP." It is caused by alcoholic poison accumulated and "stored up" in the system, from previous indulgence—a virulent poison which must be eliminated before the person can or will "stop drinking" or regain health again. The Neal Three Day treatment acts as an antidote for this poison and eliminates it from the system. Instead of spending several weeks away from home and business taking strong drugs and hypodermic injections, THREE DAYS' time in the average case up to seven days in more severe cases spent in any one of sixty splendid homelike Neal Institutes, established in principal cities, REMOVES THE CAUSE and overcomes the effects of the use of liquor. The Neal Three Day Method has been proved successful in over 20,000 cases. It has been adopted and used by thousands of prominent persons. We invite you to come and take the Neal treatment—holding this as our agreement that if it fails to satisfy you at the end of the treatment then all money paid by you will be promptly refunded, or call, write or phone the NEAL INSTITUTE, SPRINGFIELD, (phone Main 6868) Ill., or No 811 E. 49th Street, Chicago (Phone Oakland 439), for free book, and full information. All drug habits cured in from 7 to 21 days' treatment on same terms and conditions.

SOCIAL EVENTS.

Mr. and Mrs. Luther Hornbeek, north of Winchester, entertained about 40 guests at a family dinner party Sunday. The dinner was a splendid one, and the guests thoroughly enjoyed the privilege.

Mrs. Harry Maddox of 1310 South Clay avenue entertained Monday in honor of Miss Leila Smith, who is to wed next month. It was an all day affair and the young ladies spent the time in cantering peaches for the bride-to-be. Sixteen quarts were put up and they were equally divided between Miss Smith and Mrs. Howard Stevenson, who was recently married. The house was decorated in yellow and green and the place cards were tied to golden rods by a tiny ribbon. A fine dinner was served at the noon hour and aside from the work done a good time socially was had. Those present were Misses Leila and Verne Smith, Jeanette and Ruth Taylor, Irene Cox, Helen Beough, Lura Wiswell, Josephine Ross, Sue Fox, Nell Smith, Irene Morrill, Mrs. Dwight Smith, Mrs. Blanche Maddox and Mrs. Howard Stevenson.

MR. J. HERMAN LEAVES FOR CHICAGO TONIGHT. PARTIES DESIRING ANYTHING SPECIAL PLEASE CALL AT STORE AND SAME WILL BE GIVEN PROPER ATTENTION.

THE USE OF THE STANDPIPE. A statement in the Journal Sunday to the effect that J. A. Bellatti had given permission to the city water department to use the standpipe adjoining the city reservoir was incorrect. Mr. Bellatti bought the property Saturday for the lien holders, but it will remain in possession of the water company during the redemption period at any rate and any authority for its use would have to come through Mr. Worthington, rather than Mr. Bellatti. Saturday Mr. Bellatti had a conversation with Commissioner Brennan about the standpipe and Mr. Brennan understood that he was given authority to use it. A statement of this misunderstanding is made at the request of Mr. Bellatti.

WILL HEAT TENT. Heaters will be installed in revival tent today, making it warm as a house.

MUSICAL APPRECIATION. The Illinois College Conservatory announces a new course this year, primarily designated for those who lack the time for special study of either vocal or instrumental music. It is intended to come within the range of a general liberal education. Its aim is to realize the appreciation of music as an art and to assist students to listen intelligently to music. The class will meet for one hour a week. The course will be given by means of lectures with illustrations. For further information apply to Director Kritch at the Conservatory.

HEATERS IN TENT. Two big heaters will be placed in revival tent today making it comfortable for all.

MR. AND MRS. HENLINE HERE. Mr. and Mrs. Noah Henline of Bloomington, Ill., arrived in the city yesterday in their Chalmier automobile, to visit briefly with Mrs. Henline's parents. Mr. Henline has been with the Wilkesbarre, Pa., team of the New York State league the past season, playing the field and his team only lacked two games of winning the pennant. Wilkesbarre finishing second place. The team at the end of the season won fifteen straight games. Henline expects to be with the same nine next year.

AT THE GRAND. The Kelly-Schuster company opened at the Grand last night for a week's engagement. Mr. Schuster and his capable assistants appeared in "The Demented Wife." There are new members of the company since the organization played here a week since and new vaudeville features have been added. The bill was presented three times last night and "The Diamond Palace Hotel" will be presented tonight.

THE TEMPERATURES. The temperatures for Monday, according to G. H. Hall, weather observer at Alexander, was, maximum 60 and minimum 32.

DR. REES SPEAKS TO MANY OF HEAVENLY HOME

Attendance Good at Big Tent Despite Cold—Two Helpful Services Held Sunday—Tonight, "Is There a Hell?"

Despite the coolness of the weather, a good audience gathered in the tent Monday to hear Dr. Rees on "Heaven," a theme always timely and always of interest. Those who suffered from the cold Monday and evening may rest easier from now on, however, for the arrangements begun yesterday will be completed this morning at 8:30 for the placing in the tent of a sufficient number of heaters to add materially to the comfort of everyone. At 3 o'clock today a meeting for personal workers will be held and at 4 in the big tent the children and young will meet with Mrs. Rees for a junior rehearsal. The subject of the evening will be of no less interest than the sermon Monday. Dr. Rees will discuss the subject: "Is There a Hell?" Last night the music was ably led by Mrs. Rees and assisted by a male quartette consisting of T. H. Rapp, W. A. Gore, James Guyette and Alex. Campbell. Mrs. Rees sang as her solo, "Send us a Message." The male quartette number was "That Beautiful Land."

Dr. Rees took his text from the gospel by John 14-2, "In my father's house are many mansions, if it were not so I would have told you. I go to prepare a place for you." "My theme is taken from one of the four sweetest words on earth, mother, home, Jesus and heaven. I am going to talk to you about heaven. Heaven is a place; a city like Naples or Paris; a city which hath foundations, whose builder and maker is God. Heaven is also a home; my Father's home, Christ's calls it. What a blessing is the earthly home. If there is such beauty in the earthly home, what must be the glory of the heavenly, where there is no sickness, no sorrow, no parting and no death. Will we know our friends in heaven? It will not be heaven if we did not. Truly, it is in heaven that we shall see each other face to face, and know even as we are known. If you miss heaven it will not be because you did not intend to get there, but because you have constantly put off duty."

"What Shall I Do With Jesus?" was the subject Sunday afternoon of a stirring address to over a thousand men, one of the largest gatherings held for men since the Sunday meetings.

T. Sunday evening service, with the tent packed almost to capacity, the splendid address by the minister on the fate of the soul after death and the extra large choir assisted by the voluntary string orchestra, was a fitting beginning for the evening meetings the second week of the great union revival.

WOODSON CHRISTIAN CHURCH NOTES. Next Sunday will be rally day and will be one of the most important days in the fall campaign. Great interest will be manifested in the Sunday school. We are hoping and planning for larger things for the community and the heavenly kingdom. All will surely enjoy the fellowship and delight of the lesson hour.

Bring a friend and help us in our work for the Master. There are a place and a welcome for you and your friend. Our theme will be Christian marriage. Come. All welcome.

FIRST FOOTBALL PRACTICE.

Although Coach Harmon did not arrive in the city Monday a squad of Illinois college football enthusiasts were on the field warming up. The line-up included both old and new men as follows: Stewart, Frisbie, Alford, Wilson, Kormeyer, Clayton Stewart, Mitchell, Taylor, Russell and Pierce.

The high school squad is training hard and expects to have a practice game with the I. S. D. eleven Saturday afternoon. Joe Johnson is another candidate being talked of for captain of the team.

We are still headquarters for Hart Schaffner & Marx clothes at Tomlinson's.

GOOD CORN YIELD PROMISED. Howard Zahn who has a fine farm near the Joy Prairie Congregation church says he began yesterday to husk a field of 55 acres of corn and was greatly surprised to find that it gave all indications of yielding seventy bushels of good Reid Yellow Dent corn to the acre. He contracted a thousand bushels in the field at sixty cents a bushel.

Yes, we are still the home of Hart Schaffner & Marx clothes. T. M. Tomlinson.

SCHOOL DISMISSED.

The heating plant in the Lafayette second ward school broke down yesterday morning and school has to be dismissed. It was expected that all would be in shape today.

"Years of Experience Have Proven to Me That the MAJESTIC Range IS the Best"

"Strange, that for years, I couldn't see that trying to get good work from an old, wornout range, merely to save the price of a new one, was not true economy. My Great Majestic has more than earned its cost in the saving of fuel alone, because the open seams and joints in my old, worn-out range where the bolts were loose and the putty had crumbled away, made me burn twice as much fuel as necessary."

"Talk about luck in baking—"luck" is nothing but good oven and my Majestic oven is simply perfect. I can depend on it absolutely every day. I believe father and the children are happier and I know we have better meals at less expense with our Majestic."

Don't Buy Any Range Sight Unseen

Buying a range isn't an every day transaction. To be absolutely sure of complete satisfaction—don't buy from printed descriptions—see the Great Majestic dealer in nearly every county in 40 states) compare it point for point with any other range. PACIFIC HOTEL TO MAKE IMPROVEMENTS

A Number of Additional Rooms Will Be Provided, Elevator Installed and Water System Improved.

If the plans work out which the proprietor and manager of the Pacific hotel have in mind, the well known hostelry will have a number of marked improvements this fall, which will cost several thousands of dollars. It is planned to so arrange the building that fifteen additional rooms can be secured. An elevator will be installed and there will be running water, both hot and cold in every room. A new ceiling will be made for the lobby and hallway and every room in the hotel will be repapered and repainted. It is expected that more definite plans will be announced within a few days.

Yes, we are still the home of Hart Schaffner Marx clothes. T. M. Tomlinson.

FIRST FROST LAST YEAR.
Charles L. Mathis, who is a careful observer of the weather and keeps dates of events, says that the first light frost last year was Sept. 25th and the next one that amounted to anything was November 2nd when things were frozen quite hard.

HEATERS IN TENT.
Two big heaters will be placed in revival tent today, making it comfortable for all.

CHANGES IN COURIER STAFF.
Announcement was made Monday that W. S. Camp, who has for several years past been master printer at the State School for the Deaf, will soon return to the Courier, where, prior to 1909 he was employed for a long term of years. Mr. Camp, who is an able writer, will take charge of the Courier's news and editorial columns. J. O. Monroe, who has been serving as city editor of the Courier, has gone to Chicago to take a position with the United Press. After six weeks' work in the Chicago office he will be located in Springfield.

JUSTICE COURTS.
The case against E. R. Brown, charged with wife and child abandonment, was settled out of court Monday.

MORTUARY

Angelo.

Mrs. J. A. Groves received word Sunday announcing the death of her brother, A. E. Angelo, who passed away at his home in Indianapolis, Ind., Sunday morning. His death was not unexpected as word was received Saturday that he had been seriously ill for some time. Mrs. Groves and her daughter, Miss Stella Groves, have gone to Indianapolis to attend the funeral which will be held today.

Mr. Angelo was until 1908 a resident of Jacksonville, when he went to Indianapolis to reside. He had charge of the music at State Street Presbyterian church for some time and was in the employ of the Bruce Piano company. Mr. Angelo was 48 years of age and was preceded in death by his wife who passed away in 1908. He is survived by Mrs. Groves of this city, a half sister, Mrs. Curtis Schofield of Los Angeles, Cal., a half sister, Mrs. Markille of Quincy, a step sister and Samuel Angelo of Lynnville, a step brother.

Stewart.

A. W. Stewart, a former resident of Jacksonville, died recently at his home in Taylorville. Mr. Stewart was at one time a salesman for Wadsworth & Patterson and later became the owner of considerable Jacksonville property. He had visited the city occasionally during recent years and was well known by a number of citizens here.

JUST RECEIVED AN ELEGANT LINE OF CHILDREN'S COATS, ALL SIZES AND ALL NOBBY STYLES, VERY REASONABLY PRICED.
J. HERMAN.

FUNERALS

Hart.

Funeral services for Francis Hart were held Sunday afternoon at 1:30 o'clock at the late residence, 288 Sandusky street, in the presence of a large gathering of relatives and friends. The services were impressively conducted by Rev. H. F. Cusick, assisted by Rev. Clyde Darale. Music was furnished by a quartet composed of Miss Clara Ranson, Miss Edith Carlson, Thomas Rapp and Alex Campbell, and the many beautiful flowers were cared for by Miss Laura Fox, Miss Bessie Harrison, Miss Mary Whipp and Miss Eva Lena Martin. Interment was made in the Hebron cemetery and the bearers were Philip Hopper, Charles Martin, Thomas Harrison, James Mahon, C. A. Bealmeier and Amos Swain.

We are still headquarters for Hart Schaffner & Marx clothes at Tomlinson's.

CARD OF THANKS.

We wish to extend our sincere thanks to the neighbors and friends for their help and kindness in our bereavement and for the many flowers.

Mrs. Francis Hart and family

G. ROY SCOTT TO WED

MISS NELLE WILSON

Ceremony Will Take Place This Morning at 7 O'clock at the Home of the Bride's Aunt in Macomb.

The marriage of G. Roy Scott of this city and Miss Nelle Wilson of Macomb will take place this morning at 7 o'clock at the home of the bride's aunt, Mrs. Virginia Wilson in Macomb, Rev. Mr. Patterson of the Methodist Episcopal church officiating. Following the marriage a wedding breakfast will be served, after which the young people will leave for a wedding trip to Chicago.

The bride is a daughter of the late Edward Wilson, the family formerly residing in Jacksonville. She is a graduate of library work in the University of Illinois three years ago. Following her graduation she organized the library at Monticello seminary and since then has been assistant librarian at the Illinois State Normal at Macomb. She has often visited in this city and is a young woman of mental attainments and pleasing personality.

Mr. Scott is the son of Mr. and Mrs. G. W. Scott of this city, where he has spent the greater part of his life. For a number of years he has been connected with the W. S. Ehrie company and is now a travelling salesman for the firm. He is a young man of business ability, ambitions, and commands the high esteem of all who know him. The many friends of the young people will be glad to know that they intend to make Jacksonville their home and will reside at 325 South Church street.

WILL HEAT TENT.

Heaters will be installed in revival tent today, making it warm as a house.

PRISONERS FIGHT FLAMES.

Portland, Ore., Sept. 22.—Thirty-two county prisoners working on the rock pile at Kelly Butte were formed into a bucket brigade by Sheriff Werd today and fought flames that were destroying the wooden stockade around their prison. They made no attempt to escape.

ALLOWED LARGE SUM.

Walla Walla, Wash., Sept. 22.—Miss Etta Warton of this city will recover \$1,400 from Dr. W. H. Werner of College Place, a suburb because the physician left a fourteen inch spring in her body after an operation according to a decision of the supreme court.

EAT CABBAGE, FISH, SAUSAGE, NEW BREAD

No Indigestion, Gas, Sourness or Upset Stomach, if You'll Take "Pape's Diapepsin"—Try This.

Do some foods you eat hit back—taste good, but work badly; ferment into stubborn lumps and cause a sick, sour gassy stomach? Now, Mr. and Mrs. Dyseppe, jot this down: Pape's Diapepsin digests everything, leaving nothing to sour and upset you. There never was anything so safely quick, so certainly effective. No difference how badly your stomach is disordered you will get happy relief in five minutes, but what pleases you most is that it strengthens and regulates your stomach so you can eat your favorite foods without fear.

Most remedies give you relief sometimes—they are slow, but not sure. "Pape's Diapepsin" is quick, positive and puts your stomach in a healthy condition so the misery won't come back.

You feel different as soon as "Pape's Diapepsin" comes in contact with the stomach—distress just vanishes—your stomach gets sweet, no gases, no belching, no eructations of undigested food, your head clears and you feel fine.

Go now, make the best investment you ever made, by getting a large 50-cent case of Pape's Diapepsin from any drug store. You realize in five minutes how needless it is to suffer from indigestion, dyspepsia or any stomach disorder.—Adv.

FIRST REGISTRATION DAY FORETELLS GOOD COLLEGE YEAR

Signs for Extra Large Attendance Good at Illinois—First Chapel Tomorrow at Nine.

Judging from the returns of the first day of registration, the prospects for the coming college year at Illinois are very bright and the numbers of new students matriculating will be the largest in many years. The number of strange faces already on the campus would justify the belief that those stores are all true which predict for 1913-14 a "bumper freshman class."

When the students and friends of the college meet in the chapel tomorrow morning at 9 o'clock for the opening exercise of the year they will see instead of the familiar green carpet, a polished floor of hardwood. The renting in advance of every room in the south hall of Crampton is another sign of good omen. When this center of college life is strong, the spirit in other departments seems correspondingly increased. Another bright "sign of the times" was the football squad, turned out in good force even before the arrival of the coach from the east. From every standpoint Monday, the first day of registration foretold a good college year.

We are selling more Hart Schaffner & Marx clothes than ever at Tomlinson's.

CIGAR FACTORY RUMOR.

The rumored consolidation of the A. F. Franks cigar factory and the Pyatt cigar factory under the combined management of A. F. Franks, R. S. Fanning and F. P. Dawson could not be verified Monday. Mr. Pyatt, who is proprietor of one of the oldest and best known factories here, has been offering his business for sale, because his time is occupied with his duties as circuit clerk. He said yesterday, however, that he had as yet made no sale of the business.
